Right vs. Privilege

In Ohio currently, hunting and fishing is a privilege that can be revoked at any time. Harvesting wildlife is a valued part of Ohio's heritage. By making these foundational activities a part of the Ohio Constitution, this legislation will assert them as a fundamental right to all Ohioans and will forever preserve them for the good of the public.

Constitutional Amendment

It will be up to the people of Ohio to decide whether to ensure these rights are a part of Ohio's Constitution. All constitutional amendments must be voted on by the people and passed by a majority of 50% plus one vote.

General Assembly

If passed, it will be the sole responsibility of the General Assembly to enact laws concerning or promoting the conservation and management of wildlife and the preservation of the future of hunting and fishing.

Property Rights

This amendment will not impact the rights of landowners. All state laws pertaining to the rights of landowners and trespassing will not change with this constitutional amendment. Land that has traditionally been open to hunting and fishing will remain open for these sports.

Sportsmen Feeling the Squeeze

With increasing urbanization, decreased habitat, declining numbers of sportsmen these havens of wildlife are quickly dwindling. This constitutional amendment will help preserve these areas and protect the heritage of Ohio.

Auditor of State's Special Investigations Unit Seeking Information on Potential Wrongdoing at Eastern Gateway Community College

COLUMBUS – The Auditor of State's Special Investigations Unit (SIU) is seeking information on potential fraud, waste, and abuse of public resources at Eastern Gateway Community College.

SIU recently established a dedicated email address (SIUEGCC@ohioauditor.gov) for tips from anyone who suspects wrongdoing. Individuals also can submit information, confidentially if desired, through SIU's webpage (<https://ohioauditor.gov/fraud/default.html>) or the Auditor of State's Fraud Hotline, 866-FRAUD-OH (866-372-8364).

On Jan. 4, SIU, along with the Jefferson County Sheriff's Office, the Ohio State Highway Patrol's Computer Crimes Unit, the U.S. Secret Service, the Columbus Division of Police's Digital Forensics Unit, and the Ohio Narcotics Intelligence Center, executed a search warrant related to ongoing investigations concerning Eastern Gateway Community College.

Since 2019, the Special Investigations Unit has assisted in 117 convictions resulting in more than \$8.2 million in restitution (see [Map of SIU Convictions](#) since January 2019). The team receives hundreds of tips of suspected fraud annually. Tips can be submitted anonymously online or via SIU's fraud hotline at 866-FRAUD-OH (866-372-8364).

The Auditor of State's Office, one of five independently elected statewide offices in Ohio is responsible for auditing more than 5,900 state and local government agencies. To Ohio Citizens,

As Ohio's chief compliance officer, the Auditor of State makes Ohio government more efficient, effective and transparent by placing checks and balances on state and local governments for taxpayers.

You have given me a great honor and privilege in electing me for this important office. To fulfill my duty to you, I pledge:

- To conduct myself with fairness, independence, and integrity;
- To hold myself, my staff, and audited governments to high standards of which every Ohioan can be proud;
- To review the collection and expenditure of taxpayer dollars, protecting against fraud, misuse, and waste;
- To assist every Ohioan in understanding and reviewing the duties and operations of their governments; and
- To put the United States and Ohio constitutions and the duties of my office above the loyalties of any outside interests.

I will never forget that our government, laid out in the state and federal constitutions, is an instrument meant to enable each one of us to fulfill our duty to God, family, and country. So long as I hold office, I will help make sure that state and local government work for the citizens of Ohio, not the other way around.

Thank you for your trust.

TEXAS' CONSTITUTIONAL RIGHT TO SELF-
DEFENSE

January 25, 2024

WASHINGTON, D.C. – 25 Republican governors released the following joint statement in support of Texas Governor Greg Abbott and Texas' constitutional right to self-defense.

The statement comes as the Biden Administration continues to attack Texas and refuses to take action or responsibility for the crisis at the Southern border.

“President Biden and his Administration have left Americans and our country completely vulnerable to unprecedented illegal immigration pouring across the Southern border. Instead of upholding the rule of law and securing the border, the Biden Administration has attacked and sued Texas for stepping up to protect American citizens from historic levels of illegal immigrants, deadly drugs like fentanyl, and terrorists entering our country.

“We stand in solidarity with our fellow Governor, Greg Abbott, and the State of Texas in utilizing every tool and strategy, including razor wire fences, to secure the border. We do it in part because the Biden Administration is refusing to enforce immigration laws already on the books and is illegally allowing mass parole across America of migrants who entered our country illegally.

“The authors of the U.S. Constitution made clear that in times like this, states have a right of self-defense, under Article 4, Section 4 and Article 1, Section 10, Clause 3 of the U.S. Constitution. Because the Biden Administration has abdicated its constitutional compact duties to the states, Texas has every legal justification to protect the sovereignty of our states and our nation.”

WASHINGTON, D.C. – Today, 16 Republican governors joined together on behalf of American consumers to urge President Biden to change course on his **Administration's overreaching mandate that two out of every three vehicles be battery electric by 2032.**

Additionally, the letter notes that while not opposed to the electric vehicle marketplace, the American consumer and the free market should determine the direction and timing for the industry's growth rather than the federal government.
