DAVE YOST, OHIO ATTORNEY GENERAL

OHIO'S 51ST ATTORNEY GENERAL, DAVE YOST WAS SWORN INTO OFFICE JANUARY 14, 2019, BRINGING WITH HIM EXTENSIVE EXPERIENCE ROOTING OUT CORRUPTION AND FRAUD, AND FIGHTING FOR INCREASED GOVERNMENT ACCOUNTABILITY AND TRANSPARENCY.

Before being elected Attorney General in November 2018, Yost served as Ohio's 32nd Auditor of State. As Auditor, Yost's public corruption investigations resulted in more than 170 criminal convictions, and he found more than \$260 million in potential taxpayer savings.

Yost previously served for eight years as the elected Prosecutor for Delaware County, winning the first capital murder case in the county's history and taking down the county's largest drug ring. He stood with the victims of crime, from women and children harmed by predators to law enforcement officers injured in the line of duty.

Dave Yost began his career as an award-winning newspaper reporter for the Columbus **CITIZEN-JOURNAL**, and later practiced law with Burkam, Yost & Fuller in Delaware, before serving on city council and becoming the county Auditor.

Dave Yost has spent his life looking for truth and fighting for justice. As Attorney General, he will continue this pursuit, fighting to protect Ohio families, and combating our state's opioid epidemic.

He and his wife, Darlene, make their home in Franklin County, and have three grown children and four grandchildren. When not in the arena, Dave makes music with his children and friends, watches Buckeye football and resists the urge to eat peanut butter ice cream.

LOYCHIK ANNOUNCES FUNDING TO REDUCE CRIME IN TRUMBULL COUNTY

State Rep. Mike Loychik (R-Bazetta) announces significant funding for the Trumbull County Prosecutor's Office to help reduce violent crime throughout the community. The funding stems from the Ohio Violent Crime Reduction Grant Program.

"I have been an adamant supporter of our law enforcement who keeps our families and residents safe," Loychik said. "These dollars will be put to good use by enhancing the safety and protection of our communities throughout Trumbull County."

Loychik supported House Bill 110, the state operating budget, which is funding the program to assist local law enforcement in finding solutions to reduce violent crime. The program funding will help the department in recruiting new officers, maintaining staffing levels and providing various assistance to prevent violent crime.

The Trumbull County Prosecutor's Office is set to receive \$495,151 through the grant program.

Overall, the program will be awarding a total of \$58 million across the state. This most recent round of funding awarded \$5.7 million to 16 local and state law enforcement agencies, including the Trumbull County Prosecutor's Office.

SUBSTITUTE HOUSE BILL 492 CLEARS OHIO HOUSE

COLUMBUS – State Representative Mike Loychik (R-Bazetta) today announced that Substitute House Bill 492 has passed the Ohio House and will next head to the Ohio Senate for further consideration.

This legislation was crafted to require coaches to complete a student mental health training course that has been certified by the Department of Mental Health as a requirement to renew their coaching permit.

"This legislation is a step in the right direction and will ensure that coaches have the training needed to help identify it and know what to do should any of their students have mental health troubles," said Loychik.

Mental health is just as vital to a student's wellbeing as their physical health and this legislation will work to improve the mental health of children throughout Ohio. This training will help both coaches and students alike.

TIM RYAN PLEDGED TO SUPPORT TAXPAYER-FUNDED GENDER REASSIGNMENT SURGERY FOR ILLEGAL IMMIGRANTS

[Ohio](#) Democratic Senate candidate Rep. Tim Ryan pledged to support taxpayer-funded gender reassignment surgeries for incarcerated Americans and illegal immigrants during his unsuccessful bid for president.

Ryan's commitment came in a 2019 [presidential candidate questionnaire](#) from the American Civil Liberties Union (ACLU).

Asked whether he would use his "executive authority to ensure that transgender and non-binary people who rely on the state for medical care – including those in prison and immigration detention – will have access to comprehensive treatment associated with gender transition, including all necessary surgical care," Ryan stated "yes."

The questionnaire asked the candidates who marked yes to explain their rationale, but Ryan did not offer additional insight.

In addition, the questionnaire also asked the candidates whether they would commit to reducing "the size of the [immigration detention](#) system by at least 75%, including by: 1) cutting ICE's detention budget; 2) ending the detention of families, asylum seekers, and other vulnerable populations; 3) ending prolonged detention without bond hearings; and 4) ending requirements that immigrants post bonds they cannot afford."

Again, Ryan checked the box indicating "yes."

Ryan also committed at that time to support "ending the use of ICE detainers," which, according to the [Immigration and Customs Enforcement](#) website, are notices issued by the Department of Homeland Security to "federal, state and local law enforcement agencies (LEAs) to inform the LEA that ICE intends to assume custody of an individual in the LEA's custody."

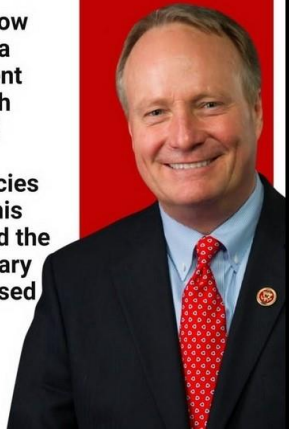

In a statement to Fox News Digital, the Vance campaign said Ryan's commitment to the funding of gender reassignment surgeries for illegal immigrants is a "radical" position.

"Taxpayer-funded gender reassignment surgeries for illegal immigrants: you really cannot get more radical than that," a Vance campaign spokesperson said. "Tim Ryan has spent this entire campaign lying to Ohioans about his record and trying to convince them he's a moderate. The truth is that he's just a far-left, woke liberal who wants to waste taxpayer money on insane ideas like this. He doesn't belong anywhere near the U.S. Senate."

“

Americans have now had 18 months in a row under President Biden during which inflation outpaced wage growth. I'm committed to policies that will reverse this cruel economy and the wasteful, inflationary spending that caused it.

DAVID JOYCE
OUR CONGRESSMAN
IN THE 14 DISTRICT

“A lifelong resident of Northeast Ohio, Dave Joyce has spent most of his life protecting his community. Dave spent more than 25 years as the prosecuting attorney of Geauga County helping to make the county one of the best places to raise a family.

As a father and husband, Dave understands that decisions made in Washington have an immediate impact on families, and shape the world we will leave to our children. Dave’s formative years were molded by watching his dad who instilled in Dave the importance of family and hard work. Using the GI Bill, his father, a WWII veteran and recipient of a purple heart, went to John Carroll and worked his way up from the shop floor to running his own business.

Raised in Geauga County, Dave worked his way from the public defender’s office to become Geauga County Prosecutor. He and his wife Kelly, a registered nurse, raised their three children in Geauga County.

Since taking the oath of office as a Member of Congress in 2012, Dave has tried to bring “Gauga County Common Sense” to our nation’s capital. However, that hasn’t always been easy in the face of entrenched bureaucrats.

Dave has time and again stood in the public arena as a voice for our Great Lakes. Dave has reached across the aisle to work with Republicans and Democrats to ensure the greatest environmental and economic treasure in our region has the resources its need to be viable today and in the future. His Great Lakes Restoration Initiative Legislation was folded into the Water Resources Development Act and signed into law by President Obama.

Dave has been a strong advocate in the fight against the opioid epidemic. As a former prosecutor, Dave saw firsthand what this epidemic is doing to our communities. He is working to convince Congress and the Administration, to treat this epidemic as the national emergency it is.

He is also a leading voice for rebuilding our military and economic policies and regulatory reforms that target job growth.

One of the primary principles Dave and his wife Kelly live by is a balanced budget. Together they discuss and distribute finances according to what is needed and never use more than what they currently have. Dave has brought this principle to Congress, proudly returning \$100,000 of his office budget back to the U.S. Treasury. He knows it is only a small portion of the budget and deficit but he knows to achieve a balanced budget he must first lead by example in his own office.

Dave Joyce is a representative for the 14th Congressional District of Ohio, and together like you, he is proud to call Northeast Ohio his home.”

- NICK SANTUCCI IS THE ONLY CANDIDATE IN THE RACE WITH THE BUSINESS EXPERIENCE NEEDED TO HELP GROW THE VALLEY 'S ECONOMY.
- SUPPORT AND DEFEND LAW ENFORCEMENT AND FIRST RESPONDERS.
- FIGHT AGAINST SOFT-ON-CRIME POLICIES THAT LET DANGEROUS CRIMINALS WALK FREE ON LOW BAIL AND EMPOWER POLICE OFFICERS TO DO THEIR JOBS.

Nick Santucci is a Howland native and the Republican candidate for State Representative in the 64th District. Nick is a graduate of Howland High School and received his Bachelor of Science degree in Political Science from John Carroll University in 2013.

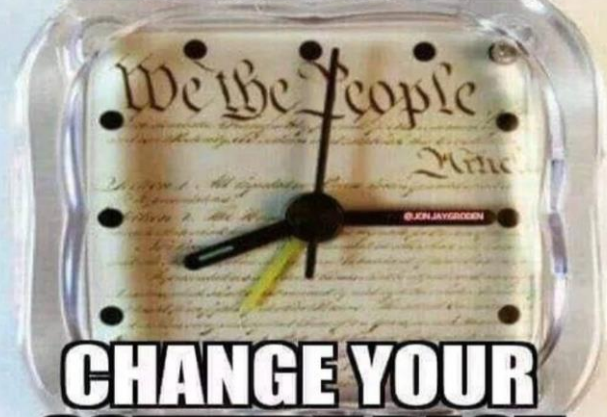

Growing up, Nick learned the value of hard work from working with his grandfathers, one a union bricklayer and the other a barber. His passion for public service and his community was sparked at a young age and has driven him towards dedicating his career to serving the Mahoning Valley.

He serves as the Senior Consultant for Workforce & Community Engagement at VAZA Consulting. Prior to joining VAZA Consulting, Nick was the Director of Government Affairs and Workforce Development at the Educational Service Center of Eastern Ohio. In this role, he was responsible for advocacy efforts, actively working with the state & federal government to ensure the Mahoning Valley's educational interests are represented in Columbus.

Nick previously served as the Director of Government & Public Affairs at the Youngstown/Warren Regional Chamber and led advocacy efforts by the Chamber's Government Affairs Council, a group of business leaders that promotes the policy priorities of the Valley's business community. Nick also organized the Chamber's Columbus Drive-In and Washington DC Fly-In events. His efforts in planning and executing both events were recognized with the Ohio Economic Development Association's 2019 Marketing and Communication Award.

The Columbus Drive-In resulted in \$3.6 million from the state operating budget being awarded to Mahoning Valley priorities like upgrades to Youngtown Air Reserve Station, America Makes, and cleaning up the Mahoning River. In 2020, Nick replicated this success and secured an additional \$1.25 million to help Weathersfield Police combat the opioid crisis, provide training resources for Valley firefighters through the Mahoning County Career and Technical Center, renovate Stambaugh Auditorium, and support OH Wow! Children's Center.

IF YOU ARE CONSIDERING A RUN FOR OFFICE:

THE LEADERSHIP INSTITUTE TRAINS CONSERVATIVES

Founded in 1979 by its president, Morton C. Blackwell, LI provides training in campaigns, fundraising, grassroots organizing, youth politics, and communications. The Institute teaches conservatives of all ages how to succeed in politics, government, and the media.

The Institute offers more than 50 types of training schools, workshops, and seminars; a free employment placement service; and a national field program that trains conservative students to organize campus groups.

Since 1979, LI has trained more than 250,000 conservative activists, leaders, and students. The Institute's unique college campus network has grown to more than 1,700 conservative campus groups and newspapers.

THE LEADERSHIP INSTITUTE DIFFERENCE

While many liberal organizations exist to increase the involvement of liberal activists, few similar organizations exist to serve conservatives. Because conservatism tends to focus on the power of ideas, most conservative organizations are think tanks that focus on policy or legislation.

The left excels at organizing and mobilizing large numbers of people – activating them in the public policy process. While philosophy is very important, the lack of widespread, active conservative participation is one of America's greatest practical weaknesses.

LI increases the number and effectiveness of conservative activists and leaders in the public policy process. The Institute doesn't analyze policy; it teaches conservative Americans how to influence policy through direct participation, activism, and leadership.

SUPPORTING THE CONSERVATIVE MOVEMENT

The Leadership Institute actively supports the entire conservative movement.

Unique among conservative nonprofits, the Leadership Institute freely shares its most valuable resource – its list of students trained and its list of conservative student campus groups – with other conservative organizations.

LI information is used by other conservative organizations as a source of participants for their valuable programs, saving them countless hours of recruitment. LI information-sharing benefits the entire conservative movement and connects conservatives into a nationwide conservative network and a lifetime of civic involvement. Virtually all significant conservative organizations across America now employ Institute graduates.
